Questions? info@skapa.media

1. What are cookies?

Skapa uses 'cookies' to facilitate and improve your online experience and to personalize the content of the website to your needs and preferences. Also known as browser cookie or tracking cookie, a cookie is a small, often encrypted text file that is placed on your hard disk by a Web server. Cookies are not used to run programs or deliver viruses to your computer. Cookies are uniquely assigned to you and can only be read by a web server in the domain that issued the cookie to you. The purpose of a cookie is to tell the Web server that you have returned to a specific page. When you return to the same website, the information you previously provided can be retrieved, so you can easily use the customized features. So, cookies are used by web developers to help users navigate the website efficiently and perform certain functions.

2. What type of cookies are used?

The website of Skapa uses different kinds of cookies. The table below explains which cookies we use and what their purpose is:
